ENGINEERED PU TIMING BELTS
CORREAS DENTADAS DE PU A MEDIDA
COURROIES DENTÉES EN PU PERSONNALISÉES

EVOLUTION, INNOVATION & COMPROMISE

EVOLUCIÓN INNOVACIÓN & COMPROMISO | ÉVOLUTION, INNOVATION & COMPROMIS

Evolution, Innovation and Commitment are the benchmarks on which LINDIS, along with its new Ydins brand, bases its project of Engineered PU Timing belts.

The manufacturing of all our products is based on the purchase of the best industrially components which are refined into the custom timing belt fabricating needs.

Especialización, Innovación y Compromiso son los referentes en que LINDIS, con su nueva marca Ydins, basa su proyecto de Correas Dentadas de Poliuretano a Medida.

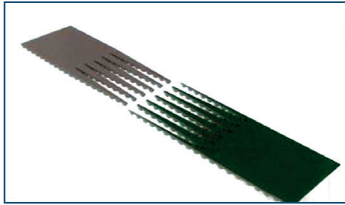

Combinando los mejores componentes industriales nos aseguramos de ofrecer la más alta garantía en producto acabado para cualquier requerimiento.

Spécialisation, Innovation et Engagement sont les références sur lesquelles LINDIS, avec sa nouvelle marque Ydins, fonde son projet de Courroies Dentées en Polyuréthane Personnalisées.

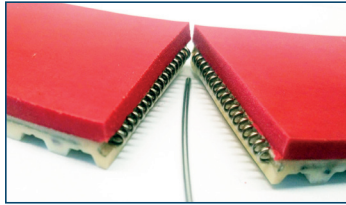

En combinant les meilleurs composants industriels, nous nous assurons de vous offrir la plus haute garantie de produit fini pour toutes les exigences demandées.
